Fully Charged	Steady Green

- **Battery Life:** Approx. 52 hours
- **Charging Time:** 2–3 hours

## TROUBLESHOOTING GUIDE

### Q1: Mouse not responding in Bluetooth mode?

**A:** Ensure it's in BT mode. Hold **Left + Right + Scroll** for 3 seconds to enter pairing. Re-pair if needed.

### Q2: Mouse not working in 2.4G mode?

**A:** Plug in the receiver. Hold **Left + Right + Scroll** for 3 seconds to re-sync.

### Q3: DPI changes not working?

**A:** Press the DPI button located at the bottom of the mouse to cycle through preset levels.

### Q4: Battery draining too fast?

**A:** Turn off the mouse when not in use. Avoid leaving it in pairing mode.

### Q5: Cursor lagging or skipping?

**A:** Use on a smooth surface or mousepad. Ensure sufficient battery charge and check USB receiver placement.

### Q6: Mouse not charging?

**A:** Use the included USB-C cable. Check for LED status—red while charging, green when full.
