Features

• COMPACT, PORTABLE, RGB BACKLIT

Enhance your gaming experience with 18 preset configurations on mechanical keyboard and find a unique one to match your own system.

• OUTEMU SWITCHES

The Firefly comes with Outemu Red Mechanical switches preinstalled to ensure best quality and are equipped with best in class processor for precise gaming and comfortable typing.

• 100% ANTI-GHOSTING

Textured and contoured keycaps provide maximum grip and enhanced feel. No matter how fast your in-game actions are, every key press registers correctly with all key anti-ghosting.

• COMPACT

The compact design of the Firefly Keyboard takes up minimum tablespace for a neat and cleaner workstation.

• ERGONOMIC DESIGN

With keycaps leaning backward and forward design to make the typing more comfortable, the fold-out legs allow you to choose the best typing height.

REPLACING THE SWITCHES

CB-GK-34 Firefly keyboard supports Hot Swapping switches. This means that switches are not soldered onto the PCB, and you can easily remove and replace switches with any switches from different brands like Cherry MX, Gateron, Kailh, Outemu.

This helps to increase the life span of the keyboard. If any of the switch stops working just use the included Keycap and Switch puller to remove the keycap and switch and replace the switch with a new one.

You can also change the switch colour to any Blue, Red, Brown or other Hot Swappable Switches to customize the keyboard as you require without any hassle. You can visit our website to order your favourite switches as per your requirements.
